Confirmation of Safeguarding standards at Two Bridges School

Dear WKLF Colleague

As you are aware safeguarding is the highest priority across all the work that we do at Two Bridges School in ensuring the highest quality support and learning for our very vulnerable students and their families.

Please therefore accept this letter as written confirmation that at Two Bridges School all appropriate safeguarding checks are carried out in line with the KCSiE guidance Sep 2021. These checks include:

- All safeguarding checks on staff
- Safer recruitment procedures
- Single central record requirements for all staff and Management committee members

Our staff includes 5 designated safeguarding leads covering each site and Keystage all trained to DSL highest standards and of course Ofsted (Mar 2018) judged safeguarding to be outstanding along with all other aspects of the School.

If you or your DSL would like to visit at any time to monitor our standards and procedures for your own records please do not hesitate to contact me.

Yours sincerely

Sue Beauchamp
Head Teacher
Academic year 2021/22
